

## CMCUS Circle of Prayer: November 2026

### Upcoming Events

Please pray for our staff on these key dates!

- November 6-7: Christar mobilizers participate in NWA for the Nations
- November 6-7: Mobilizer participates at MissionConnexion Southwest
- November 12-14: Mobilizers and Director of Personnel participate in Global Missions Health Conference

### Inner Circle Requests

Pray for good learning and networking opportunities for Christar staff participating in the Global Missions Health Conference. Pray they will connect well with medical professionals and students, and ask God to use this event to prompt many to use their skills in ministry among the least-reached.\*

Lift up the interns preparing to serve alongside Christar teams this spring. Especially pray for five heading to Europe who need to raise half of their support by November 10, asking God to provide.

Ask the Lord to rejuvenate our mobilizers following a busy October of many conferences and campus visits.

Praise God for a local church in Arizona that's considering using the [Christar Church Ministry Residency](#) program to train future workers. Pray for wisdom in all of the details.

Lift up the Finance team as they begin the risk assessment phase of the annual audit, asking God to help them gather all of the needed information in a timely manner. Pray for balance for them as they juggle these tasks with incorporating new tools and their ongoing responsibilities.

Ask God to provide a visa and full financial support for a man leaving to serve in the Balkans. Pray that his commissioning service would be an encouragement to him and others.

Praise the Lord for a woman who recently began ministry in Central Asia. Pray for her to adjust quickly to culture, food and language.

Ask God to work through our "Not Alone" campaign, which highlights the importance of member care and the way our [Together to Thrive](#) project helps workers stay on the field and flourish in ministry. Pray that it will prompt many to give financially to provide RENEW debriefing retreats and pray more specifically for the challenges workers face.

*\*least-reached: those without access to a church that proclaims the gospel in their language and in a culturally relevant way*
