

More than
40% of the
world's
people are
least-reached.

That means over 3.4 billion people don't have access to a church that proclaims the gospel in their language and worships in a way that's relevant in their culture.

>3,400,000,000

What will it take to reach them?
All of us.

100% OF THE CHURCH IS CALLED.

***“Now you are the body
of Christ and individually
members of it.”***

1 Corinthians 12:27 (ESV)

No one organization, project or person can bring the good news to the 40%. But together, the Church can. As followers of Christ, we each have a part.

God has created every believer uniquely so that together, we can be the instrument of His blessing to the nations.

And we're called to do it together.

Reaching 40% of the world's people is a task that requires the participation of every follower of Jesus—*all of us*. You've been equipped with gifts, skills and experience so you can be part of bringing the hope of Christ to communities where the Church doesn't yet exist.

Together, we **pray, give, send, go** and **collaborate** to mobilize the gospel to communities with little or no access to the gospel.

Connecting the 100%

The Great Commission has always been a group project.

Since 1909, Christar has connected members of the Church to expand the Body of Christ to places where it doesn't yet exist. Generations of believers have invested their resources, talents and skills to extend the reach of Christ's Body to communities cut off from the gospel.

Those who
go don't
serve alone.

**BECAUSE REACHING THE 40%
REQUIRES ALL OF US.**

JOIN US

**TOGETHER, WE
MOBILIZE THE GOSPEL.**

Serving believers like you as you participate in the Great Commission strengthens our ability to, together, bring the gospel to communities where it isn't known.

Christar is seeking to raise **\$983,000** to more effectively serve every part of the Body of Christ as it brings the gospel to the least-reached. Your gift will enable us to innovate for **greater global collaboration**, create **digital tools and training resources** and implement **infrastructure upgrades** to serve partners, churches and field workers.
